

As of Monday 3/23, the Lodi branch was closed to the public. We are still onsite and available to answer questions by phone and assist with deposits through the ATM and Night Drop deposit box, from 930am-4pm. Cash withdrawals are still available through the ATM.

Our Stockton branch will remain OPEN to the public for all services, for the duration of the stay-at-home order. As of Friday 3/27, hours of operations for Stockton will be Monday-Friday, 9:30am-4:00pm.

We ask all members to thoughtfully consider whether a visit to a branch is necessary.

If you do have to visit the Stockton branch, you will notice a number of actions we are taking to help reduce the rate of spread of the virus. These actions are consistent with CDC and Federal and State Government recommendations.

1. All employees are adhering to the CDC social distancing guidelines by remaining 6 feet apart.
2. We are asking that all members also adhere to these social distancing guidelines.
3. Branch staff are monitoring member traffic and, as needed, temporary occupancy restrictions will be applied to reduce the number of people in the branch.
4. Members can still walk up at the counter, but we encourage maintaining social distance between yourself with the Member Service Representative during the transaction.
5. You may also see modified transactions to reduce transaction times and limit interaction with bank staff.
6. Please continue to check our website for details.

By taking these actions, we are doing our part to keep our entire community safe and healthy.
